

Praxis Pharmaceuticals and BioDan join forces creating BioDan SkinMed

Madrid, 14th February 2014

BioDan announces the creation of a new enterprise BioDan SkinMed S.L. as the company responsible for the commercialization of autologous skin, its manufacturing and commercial distribution. A joint venture with Praxis Pharmaceuticals and Sanitas International. Both companies belong the Centauro Investment Group, bringing a tremendous amount of expertise and resources.

BioDan first manufacturing plant in Spain has been subcontracted to Praxis Pharmaceuticals, and is presently under GMP inspection by the National Agency to be fully operative under GMPs by May 2015.
